## PROJECT

**Daily Dress Color Suggestion App - MERN Stack Project**

- Designed and developed a web application that personalizes daily dress color suggestions based on user preferences and the latest fashion trends.
- Utilized **MongoDB** for data storage, **Express.js** for backend API, **React.js** for user interface, and **Node.js** for server-side functionality.
- Focused on user experience by providing a personalized recommendation system that incorporates trending styles and user-defined preferences.

## STRENGTH

- Adaptability and Learning Agility
- Problem-Solving
- Collaborative Team Player
